

# Did you know?

"According to Food & Water Watch, more than 17 million barrels of oil -- enough to fuel one million cars for a year-- are needed to produce the plastic water bottles sold in the United States annually."

- August 2009, Washington Post, "Bottled Water Boom Appears Tapped Out"

"Americans went through about 50 billion plastic water bottles in 2006. The recycling rate for PET is only 23%, which means 38 billion water bottles go into landfills each year--more than \$1 billion worth of plastic"

- July 2007, Fast Company Magazine, "Message in a Bottle"

"The recommended eight glasses of water a day, at U.S. tap rates equals about \$.49 per year; that same amount of bottled water is about \$1,400."

- June 2009, Banthebottle.com, "9 Ways To Reduce Plastic Bottle Waste At Your Workplace"

"There are fewer regulations regarding bottled water than tap, according to the New York Times. And there are many claims that plastic bottles leach small amounts of chemicals such as antimony."

- September 2009, San Jose Mercury News, "6 Reasons to Ditch that Plastic Bottle"

## EZH<sub>2</sub>O™ to Go!

Elkay's new EZH2O bottle filling station is intended to reduce our dependency on disposable plastic water bottles. This innovation provides a **rapid fill, of filtered water, to quench thirst and reduce plastic bottle waste** in the environment!

## One Solution. One Location

- No more paper cup waste
- No more expensive bottle service every month
- No more messy drains from floor-standing point of use coolers

The EZH2O provides one solution for all drinking water needs. Great for **education, healthcare facilities, fitness clubs and hospitality**. With the EZH2O, people know where the water is located and how to fill. Whether you want to fill your sport bottle or just grab a quick drink from the water fountain, EZH2O meets all needs in one location.

## EZ to... Specify

- EZH2O can be used in commercial applications that partner with existing Elkay "EZ style" water coolers and drinking fountains
- Meets adult or child ADA standards when properly installed
- Easy-order guide makes ordering simple and quick

## Install

- Retro-fit unit designed to be easily installed by experienced maintenance personnel or plumber
- In-wall recessed unit comes with mounting frame to make installation simple and quick
- In-wall recessed unit is available with an Elkay 8 gallon chiller or can pair with larger Elkay remote chillers located within 10-15 feet of unit

## Quick

- The EZH2O fill rate is 1.1-1.5 gpm; 3 times faster than a drinking fountain
- One-handed operation allows for quick fill between activities
- No wasted time searching for floor-standing point of use coolers

## Retro-fit to the ELKAY "EZ" cooler

Retro fit unit pairs with most push-bar activated Elkay "EZ style" water coolers. Product can easily transform existing EZ water cooler into a bottle filling station.

Also available in complete kits with "EZ style" water coolers which are factory prepared for quick install.

## Clean

- Electronic sensor provides touchless, sanitary operation
- WaterSentry® Plus filter included
- Integrated Silver Ion Anti-Microbial protects against mold and mildew growth

## In-wall by itself

In-wall unit is recessed and designed to mount in the wall. Great for new construction. Can be paired with existing Elkay chillers to provide chilled water.

## Green

- Reduces dependency on disposable plastic water bottles
- This saves:
- **Energy** for producing plastic disposable bottles
  - Consumer **spending** on plastic water bottles vs. tap water
  - The **environment** from plastic bottle pollution

## In-wall next to fountain

Depending on ADA requirements, an In-wall EZH2O unit can pair with existing Soft Sides® and SwirlFlo® refrigerated and non-refrigerated fountains for the ultimate high-end water station

## Maintain

- External Visual Filter Monitor confirms filter water delivery and indicates when filter needs changing
- In-Wall recessed unit has hinged top and bottom panels for easy access and service
- Plumbed drain eliminates water overflow
- Integrated Silver Ion Anti-Microbial makes it easy to clean by protecting against mold and mildew growth
- In-molded display graphics will not peel and wear over time

## Features and Benefits

- A) Visual Filter Monitor**
- Green, yellow, red LEDs are located in the front to visually indicate when filter needs maintenance
- B) Water Dispenser**
- Fill rate\* for the Retro-fit unit is 1.1 gpm, and 1.5 gpm for the In-wall unit
  - Laminar flow provides a clean fill with minimal splash and easy maintenance
  - Plastic surrounding dispensing area is integrated with Silver Ion Anti-Microbial to inhibit growth of mold and mildew
- C) Green Ticker**
- Informs user of number of 16 ounce bottles saved from landfills

- D) Sensor Activated**
- Electronic sensor provides touchless, sanitary operation
  - No need to hold bottle, just place in front of sensor and fill
  - Sensor is equipped with an automatic 30-second shut-off timer
  - User interface design makes touchless operation intuitive
- Silver Ion Anti-Microbial Product Protection**
- Selected plastic components are integrated with Silver Ion Anti-Microbial. This inhibits the growth of common bacteria, molds, and fungi that cause stains, odors and product deterioration for the useful life of the product.

See inside for full product offering.

\*Fill rate may vary slightly depending on existing refrigeration systems in the field.

## Tradition. Vision. Conviction.

Elkay was founded as a small sink manufacturing company on the north side of Chicago. We have grown significantly from these humble beginnings, but our dedication to innovative products and exceptional customer service remains the same.

Today, Elkay is a leading manufacturer of stainless steel sinks, faucets, water coolers and drinking fountains, delivering unprecedented levels of style and function to plumbing professionals. In addition, our cabinetry division symbolizes our vision for continued growth as a world-class industry force, on a global scale.

We are driven by core values that have evolved since 1920... values that are reflected in every product we manufacture, and our conviction to provide total satisfaction to every customer, every day.
